Turn-key Scale House Computer Solution including Scaleit W8 and weighing card

Scale House Computer Solution

This All-in-one computer featuring Windows 7 Professional, 320 GB hard drive, wireless internet, 18.5" screen, and with RS232 scale port is an outstanding value for your Scale House. The compact design takes up less room with no components sitting on the floor. Arrives tested, configured, and pre-loaded with Scaleit W8 and Microsoft Antivirus Protection. Just open the box, plug in the computer, connect to the scale, and start weighing vehicles!

Solution with weighing card:

- 1 Year weighing card - \$2999.00
- 5000 weighing card - \$2999.00
- 2000 weighing card - \$1999.00
- 1000 weighing card - \$1599.00
- 500 weighing card - \$1399.00
- 100 weighing card - \$1099.00

Truck scale software shouldn't be expensive to acquire, use or upgrade!

Scaleit W8 (pronounced "weight") is a new concept for the U.S. market that radically changes the way scale software is acquired and used. With **Scaleit W8** users have the ability to leverage easy to use *state-of-the-art* truck scale software with no capital outlay and the flexibility to purchase only as needed – making it economical for smaller operations and a cutting edge solution for the largest.

The **Scaleit W8** concept is simple and similar to prepaid phone cards – easy to use, no long-term obligation, no surprises, no extra costs and makes a great budgeting tool because all costs are known up-front.

We fully support **Scaleit W8** with no annual service or maintenance costs and will provide all newly developed updates and technical support at no cost.

"There is nothing that compares to Scaleit and their Truck Scale Software W8." – Tyler Sorensen, Operations Manager, Sorensen Sand & Gravel
